EGA6 Aluminium exhaust grilles 25 mm pitch with filter

Description

Aluminium exhaust grille with fixed horizontal blades with 45° inclination, featuring a double frame with hinge opening which allows for easy filter installation and maintenance.

Characteristics

Material: aluminium.
Finish: natural anodised.
Filter: COARSE class (G2) thickness 12 mm.
Closing: with screw.

Installation

Installation is carried out by securing the external frame of the grille to the wall using screws.

Use

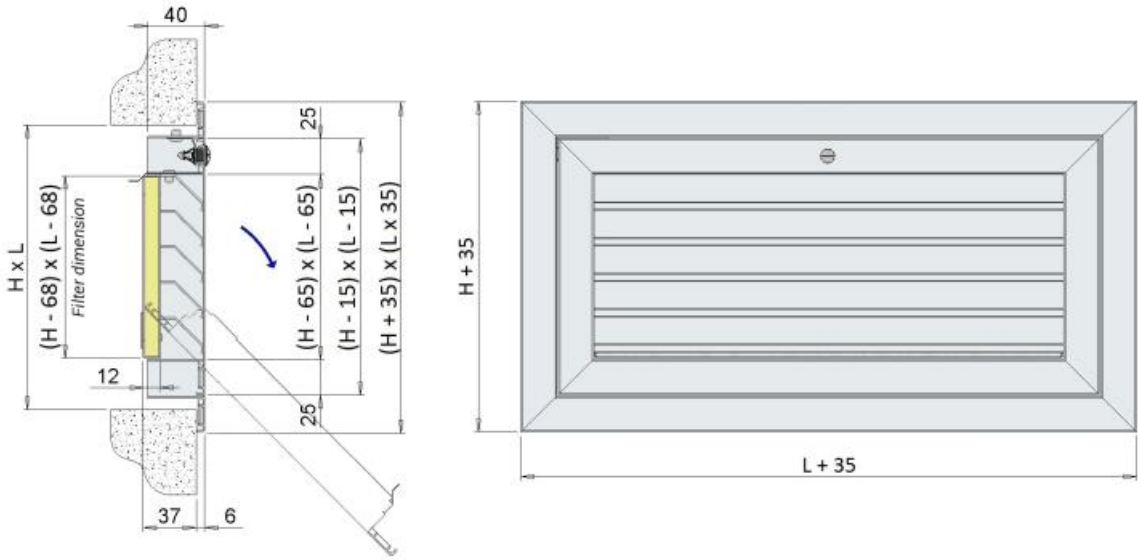

Grilles for external or indoor air exhaust where dust pre-filtration is recommended.
Initial pressure drop lower than 40 Pa with 1.5 m/s speed on the filter.

Accessories

- EPZ galvanised plenum;
- EPI insulated plenum.

On request

Closing with magnet or push-pull system.

Operating data

m^3/h: flow rate
Pa: pressure drops in Pascal
dB(A): noise level

An air velocity on the filter of 1.5 m/s is recommended to contain pressure drops and maintain filtration efficiency; the flow rate data in the table refers to the grille with the filter.

All dimensions are expressed in mm
